ABOUT ME

Motivated Information Technology graduate with a solid background in networking, and Artificial Intelligence, I have strengthened my skills through various online courses and certifications. I am passionate about technology, problem-solving, and continuously learning in the IT field. Skilled in programming, AI applications, database management, and networking. during my academic journey, I developed an Online Airline Ticket Reservation System as my final year project. I successfully showcased this project at the university level, where I demonstrated its functionality, and real-world applicability.

PROJECTS

Online Airline Ticket Reservation System Developed a web-based Airline Ticket Reservation System. This project enhanced my skills in databasemanagement, UI/UX design, and developing real-time, user-friendly booking applications.Key Features•Flight Search and Filters: Search flights by date, route, airline, and time.•Real-Time Availability: Live updates for available seats and flight status.•Secure User Account: User registration, login, and profile management.

WORK EXPERIENCE

🏢 *Samra Amir* – Sargodha, Pakistan

INTERNSHIP- IN GOVERNMENT POST GRADUATE COLLEGE SARGODHA

[12/08/2020 – 03/09/2023]

I completed a teaching internship where I assisted senior teachers in planning and delivering lessons. During this internship, I gained hands-on classroom experience and improved my communication skills.

CONFERENCES AND SEMINARS

[08/05/2022 – 09/05/2023] University of Sargodha
Youth Capacity building Workshop • Attended a Youth Capacity Building Work shop focused on developing leadership, communication and professional skills.• Gained insights into personal development, time management, and decision-making for academic and career growth.• Engaged in interactive sessions and group activities designed to strengthen youth participation and confidence.
